CLIENT TESTIMONIALS

WE'VE HELPED MANY COMPANIES TO DISPOSE OF THEIR SURPLUS ASSETS, SOMETIMES WORKING TO VERY STRICT DEADLINES. HERE'S A SELECTION OF CLIENT TESTIMONIALS:

DUPONT, BRISTOL, UK

Perry was appointed by DuPont, Bristol to sell the equipment and clear the site. We were given a six week time frame to do this.

“ We had a very good experience working with Paul Cook and Perry as a company. The project was completed on time and within budget. As with most projects there were a few 'issues' that did arise during the execution but these were worked out and resolved satisfactorily. On another positive note the project was completed with no incidents or injuries. ”

DuPont, UK**

NUTRICIA, UK

“ Perry Process equipment looked after all our requirements with professionalism. I would recommend their services to anyone in the nutraceutical manufacturing sector. ”

**Brian Connolly
Facilities Manager,
Nutricia**

LUCERNE BIOTECH, UK

“ We proposed Greg Lyons and Perry to purchase some of our manufacturing equipment including dismantling and removal. They took the time to come to seriously evaluate the equipment and make an offer. They paid as requested and they have been efficient at removing the equipment. We will definitely recommend them for companies looking to dispose of their equipment. ”
